To whom it may concern:

I had your company come out to my home for a summer service on my air conditioning unit

Your technician Rob did a thorough check and service on my air conditioning unit and found that my attic fan had stopped working and needed to be replaced. I scheduled to have the work done

Rob returned on May 9, and replaced the attic fan in a timely manner. I wanted to inform you that I am extremely satisfied with the service I have received from your company and especially the work performed by Rob. He has done the service on my air conditioner and heating unit also.

Rob arrived on time and ready to work. If he was going to be delayed I receive a call from the office informing me that he will be delayed. Something I appreciate more than you know. I wish more companies were as considerate as yours. Rob was always polite, very professional and a very hard worker. He is a credit to your operation.

I have enough confidence in your company that I have no problem referring friends and colleagues to your company when they are looking for an air conditioning and heating company.

Sincerely,

Daniel
